Volume Fourteen

HUNTINGTON BEACH, ORANGE COUNTY, CALIFORNIA, FRIDAY, SEPTEMBER 6, 1918

Number 52

Second Annual Fall Fair, October 1, 2, 3, 4, 5

REGULAR MEETING OF CITY TRUSTEES

OFFICERS WILL VISIT RIVERSIDE MEETING.

TAX RATE FIXED AT \$1.50

Street Work About Completed; City Recorder Asks For a Leave of Absence; Judge Goepper of Newport Beach Will Act Temporarily.

There was some argument over a communication addressed to the city trustees by City Forester F. M. Brunton, at the meeting Tuesday evening. Mr. Brunton asked the Board to increase his salary from \$75 to \$100 per month, stating that he had served the city for seven years. On motion of Trustee Vavra the communication was referred to the City Manager.

President French asked Trustee Vavra to take the chair so that he could talk on the question. President French stated that he thought when an old, faithful employee like Mr. Brunton addressed the Board his request should be given some consideration. Trustee Vavra replied that he had no thought of disrespect for Mr. Brunton when making the motion, but thought that the best way to dispose of the matter.

Trustee Drew stated that there was no sympathy in such matters with him, and there was but one thing to consider and that was—could Mr. Brunton be replaced? If so, he was not entitled to a raise. If not, then the raise should be considered; and he thought the City Manager was the one to settle the question.

President French said the city should not ask any man to support a family on \$75 per month in war times. Trustee Drew replied that he was not in favor of any pensioners.

President French said that if Trustee Drew was going to look at the matter the same as buying a mule, he could not agree with him.

Mr. French said that most employers of labor regarded faithful service of considerable value, and he thought the city of Huntington Beach should do the same.

When Trustee Vavra put the question, Trustees Chapin and Drew voted "Yes" and President French "No."

Marshal Speaks to Manager.

When the finance committee was approving the bills, the warrant containing the items of expense incurred by City Marshal Tinsley were called to his attention. Mr. Tinsley was standing and City Manager Spencer was seated at the trustees' table. The marshal turned and looked the city manager directly in the face, and said: "Why did you say that these items were all for calls outside the city when there is but one that was outside, and that one you said was a serious case and probably warranted going out. If you want me to speak to you about every little thing I do, you will have to stay in Huntington Beach where I can find you." Mr. Spencer replied: "I did not have a chance to see you today." Mr. Tinsley: "You didn't! Why, I was in the office much of the time, and passed by your door several times." Mr. Spencer made no further reply and the demand was allowed.

Their Expenses Will Be Paid. A communication was read from the League of California Municipalities asking that the city send representatives to the meeting in Riverside, October 15 to 18. Trustee Drew moved that the expenses of all city officials who desired to attend the meeting be allowed, and the motion carried, after being seconded by Trustee Vavra.

Trustee Drew asked if the officials of the Fair were going to hold the event without asking the city for permission to do so. Trustee Vavra said that it had not occurred to him that it was necessary to do so, but if it was he favored granting such permission. Permission was granted on motion of Mr. Drew, seconded by Mr. Vavra.

Trustee Vavra moved that the chair appoint a committee from the Board to confer with the Chamber of Commerce. The motion prevailed after being seconded by Trustee Backer,

and Mr. French appointed Trustees Chapin and Drew. While the motion did not state the purpose of the committee, it is understood that it is for the purpose of discussing such matters as the Second Annual Fall Fair and other matters that may be considered of merit in the way of advancing the interests of the city.

Max Scempfield applied for a junk license, and his application was granted. However, it was not thought that he would accept it when he found that it would cost him \$100 for the right to collect junk under the new ordinance. The license is but \$25 for those who maintain a place of business or have an agent here that is responsible. Mr. Scempfield resides out on the boulevard.

The tax rate for the year 1918 was fixed at \$1.50.

Trustee Vavra reported that the street work was about completed, and that it had been decided to wait for rain before starting work on Quincy street.

HIGH SCHOOL BOARD MAKING IMPROVEMENTS.

BIG DIFFERENCE IN APPEARANCE OF GROUNDS.

There is favorable comment being made on the improvements being made on the High school grounds, and members of the board are to be complimented upon the progressive spirit shown recently.

The installation of the new sprinkling system paves the way for a beautiful lawn, such as should be found around all public buildings. There is to be additional trees and shrubbery. The old barns and sheds that have long been a black spot on the landscape have been moved to the rear, and there appears to be a general awakening to the fact that Huntington Beach should have as fine park around the Union High school as any in Orange county.

The board is composed of E. R. Bradbury, Wintersburg, president; R. E. Larter, Westminster; P. A. Isenor, Wintersburg; F. H. McElfresh, clerk, and W. T. Newland, Sr., of Huntington Beach.

JUNIOR RED CROSS OF GRAMMAR SCHOOL.

LAST MEETING IN CLUB HOUSE NEXT WEDNESDAY.

The last meeting of the Junior Red Cross of the Grammar school to be held in the Woman's club house will be next Wednesday afternoon from 2 till 4 o'clock. Those having garments, either finished or unfinished, are requested to return them at this meeting.

Twenty dozen garments and eleven quilts are ready for shipment. One especially nice quilt will be disposed of at the Second Annual Fall Fair. This is a splendid showing for this organization. The work for the summer season has been in charge of Mrs. Owen D. Peters.

PUPILS WILL BE DISMISSED EARLY FIRST DAY.

The Grammar school will open Monday morning, September 16th, as previously stated. The kindergarten pupils will probably be dismissed before noon; grades 1, 2 and 3 at 2 o'clock, and other grades at 2:20 the opening day.

Miss Mary Turner is gaining a reputation for growing fine figs on young trees. One year ago Miss Virginia Walker gave Miss Turner a small fig tree, which was transplanted at the Turner home on Eleventh street, near Palm, and 22 fine figs were the first year's crop, the largest one measuring 7x10 inches and weighing almost 12 ounces.

BIG BOOSTER TRIP TO DOWNEY ANNUAL FAIR

SIXTEEN MACHINES IN THE PROCESSION.

FAIR CONCEDED A GOOD ONE

Some Pointers Gained By Managers of Fair To Be Held Here Next Month; Some Exhibits Not Equal To Ours of Last Year.

There was a big delegation of citizens visited the Third Annual Community Fair in Downey, Friday afternoon of last week. Some very good pointers were gained by those in the party who are members of committees having charge of the Second Annual Fair to be held here October 1, 2, 3, 4, 5.

The fair at Downey was conveniently arranged in two big tents, and was very creditable for that community, showing a variety of fine products.

The poultry department contained some very good fowls, but in quality of stock and number of pens exhibited was not up to the show held in Huntington Beach a few months ago.

Those who inspected the needlework section were more impressed than ever before with the wonderful display that was shown here last fall, as the Downey exhibit was far below that seen here, in every respect.

The display of automobiles and tractors outclassed the Fall Festival held here, as the question of tractors was not considered at that time, and there were but few automobiles, as no provision was made for housing them.

The floral display at Downey was an attractive feature, and those in charge of the Fair here will no doubt carry out, to some extent, the Downey plan, as it lends considerable tone to the entire Fair.

There were 16 machines in line when the procession started from the bank corner at 1:20, with Dr. and Mrs. Chapin, with a beautifully decorated car, leading the grand march. All of the cars carried signs advertising the Huntington Beach Fair. The following composed the personnel of the party: Judge and Mrs. Louis A. Copeland and their guests, Mrs. Grace M. Souster and J. C. Crabbe of Chicago; Mrs. W. H. Taylor, Dr. and Mrs. R. H. Chapin, Mrs. E. E. French, Miss Julia and Miss Margaret French, Mr. and Mrs. C. E. Lavering, Mrs. F. H. Rigdon, City Clerk Chas. R. Nutt, Judge and Mrs. W. D. Seely, Mr. and Mrs. J. Proctor, Mr. and Mrs. W. L. McKenney, Mrs. J. E. McKillop, Geo. F. Bentley, Mr. and Mrs. F. H. McElfresh, Mrs. William M. Hedges, J. K. McDonald, Mr. and Mrs. Geo. O. Franklin, Mrs. Jesse M. Smith, Mrs. G. S. Bergey, Mrs. W. T. Newland, Sr., Miss Gladys Bollon, Lorraine Tarbox, Pierce Tarbox; Mrs. A. F. Swift, Mrs. W. H. Jones, Mrs. Robert Wardlow of Talbert; Mr. and Mrs. S. E. Hearn, Mrs. Powers and daughter of Hanesborough, Illinois; E. C. Wright, Mr. and Mrs. Geo. M. Gunn, Miss Minnie Steele, Adj. Slinger of the Salvation Army, Judge C. W. Warner, Mr. and Mrs. A. J. Young of Wintersburg, R. C. Turner, Lewis Bingle, Mr. and Mrs. L. M. Lindsley, Mr. and Mrs. B. F. Lindsley, Mrs. Viola Godfrey, Mr. and Mrs. Edgar Edwards, Mrs. Charles Burleycamp, Mr. and Mrs. Wm. C. O'Connor, Mr. and Mrs. Jas. J. Conrad, Miss Gladys Grabill, Miss Gladys Conrad.

TOMATO CANNERY IS IN OPERATION.

E. L. PEARCE EXPECTS A GOOD SEASON.

E. L. Pearce, proprietor of Pearce's Home Cannery, reports that he has packed between 4000 and 5000 cans of tomatoes, and that the crop is a promising one. The prospects are that he will be able to pack a total of between 40,000 and 50,000 cans.

There is a firm market for the product of Mr. Pearce's Cannery, as those who have sold small quantities of his pack in the past have offered to purchase his entire output for the season.

GOOD PROSPECTS FOR NEWPORT SHIPBUILDING.

FIRST KEEL TO BE LAID IN FOUR MONTHS.

(Newport News.)

The keel of the first ship to be built by the Pope Shipbuilding Corporation at Newport will be laid within four months and work on the plant will start within the next thirty days, according to announcement of the officials of the company in Los Angeles. The company recently purchased thirty acres at the point that will be the head of the channel, lying immediately back of the Newport Garage.

N. H. Beer, general manager of the company, states that plans for the shipbuilding plant have been completed, and call for an expenditure of about \$600,000.

The first vessel to be built will be a concrete cargo-carrying steamer of 5500 tons. The plant when completed will have eight ways, and will be equipped to build concrete, wooden and steel ships.

The corporation has received from the City of Newport a contract for dredging the channel to a depth of sixteen feet. General Manager Beer built the Prince Rupert Ship Repair and Shipbuilding plant at Prince Rupert, B. C., which is turning out ships for the Canadian government. The plant cost \$3,000,000. Frank Scoville, former president of the First National Bank of Corona, is president of the Pope corporation.

LABOR DAY WAS GENERALLY OBSERVED.

STORES NEARLY ALL CLOSED ALL DAY.

Labor Day was observed in Huntington Beach by most of the merchants and the city assumed a regular Sunday aspect. Many persons were short of bread and some other things required about the kitchen, not thinking of the double holiday.

There were about the usual number of visitors enjoying the day on the beach.

BRIGHT PROSPECTS FOR PRINCESS THEATRE

IS NOW AFFILIATED WITH
TEMPLE OF SANTA ANA.

GOOD PICTURES TO BE SHOWN

Mrs. Nelson Will Remain As Manager; Same Pictures Will Be Shown Here As In Santa Ana; Three Shows a Week at Present.

There has been a combination perfected in theatrical circles of Orange county that is of particular interest to patrons of the Princess theatre in this city.

Mrs. Alex. P. Nelson, owner of the Princess, reports that her theatre has been affiliated with the Temple theatre of Santa Ana, and in the future the bookings for the theatre here will be made by the Temple manager in Santa Ana, and the same pictures will be shown here that are placed on the screen at the larger theatre in Santa Ana, thus insuring the theatre-goers of Huntington Beach of the opportunity of witnessing the latest and best pictures that the market affords.

Mrs. Nelson will continue as manager of the Princess for the new combination. For the present the shows will be continued on Saturday, Sunday and Thursday night of each week, as in the past. No definite arrangements for the week's program for this week had been made before going to press, but patrons are assured that some good pictures will be shown.

The Temple theatre in Santa Ana is affiliated with the Hippodrome circuit of theatres, which insures a varied program, with occasional interspersions of vaudeville.

J. L. SANDERS BRINGS DOWN 4-PRONGED BUCK.

BELIEVED TO BE FIRST CARCASS BROUGHT TO CITY.

So far as known, the honor of capturing the first deer of the season by a citizen of Huntington Beach goes to J. L. Sanders, who brought down a fine four-pronged buck in the San Jacinto mountains Tuesday morning at 7:15, and he and his son Alpheas, who accompanied him, reached Huntington Beach with their prize about 9 o'clock the same evening, a distance of 116.2 miles from the scene of action. The big deer had to be carried about three miles to a trail, and their Ford car was run up the trail about one mile and the game loaded for the home trip.

The hunters left Huntington Beach Saturday morning and hunted Sunday and Monday without results. Mr. Sanders says so far as he can learn his was the first whole carcass ever brought to Huntington Beach.

WAR SAVINGS ENTERTAINMENT SUNDAY.

LARGELY ATTENDED AND MUCH APPRECIATED.

The War Savings entertainment given in the dancing pavilion Sunday afternoon at 4 o'clock was well attended and enjoyed by citizens of the city and surrounding territory.

The band from Fort McArthur arrived at 3:45 in a special car, furnished by the Pacific Electric Railway Co., from Newport Beach, and the speakers and entertainers arrived a few minutes later in machines.

The band played six numbers, closing with "Star Spangled Banner." Two members of the Metropolitan Opera Company rendered vocal solos, and some good short talks followed. The singers were Harold de Grosse of the Metropolitan Grand Opera Company of Chicago and Daisy Austin.

There were four such entertainments in Orange county, Sunday, the entertainers going from here to Santa Ana, where they appeared in the evening. R. L. Obarr, chairman of the publicity committee of Huntington Beach, had charge of the arrangements for the entertainment, which is the first one of a series to be delivered at intervals during the war period.

PLENTY OF GOVERNMENT LAND IN NORTH SECTION.

MOST OF IT IS HILLY AND FIT ONLY FOR GRAZING.

There are still hundreds of thousands of acres of land subject to entry in many counties of California, but of course most of it is in the mountain regions, and is of little value outside of grazing land for stock, and some of it is not even adapted for this purpose.

The Northern California Counties Association of Redding recently issued a list of the government land in Lassen, Modoc, Shasta, Siskiyou and Trinity counties, giving the number of acres in each of the townships.

RED CROSS NURSE WRITES FROM FRANCE.

NIECE OF MRS. LUCY P. GODDARD OF THIS CITY.

Miss Mabel H. Wade of Hollywood, niece of Mrs. Lucy P. Goddard of 222 Eleventh street, was among the women who enlisted early as Red Cross nurses for foreign service, and owing to her thorough knowledge of the French language was appointed official interpreter of the first dispensary established in France by the United States Government, being located at Tours in the Chateau district. Miss Wade's only objection is that she is too far away from the firing line, as she like all enthusiastic soldiers, longs for the first line trenches. In her letter of July 28th she says:

If only the events of one day could be adequately pictured, they would serve as a wonderful Red Cross stimulus and I wish the mothers of America, who are bearing the hardest burden of all, could know how I yearn over their boys. You would think, perhaps, my French people did not count but when I tell you that we (one hospital corps man and myself) handle from 80 to 150 cases each day, three-fourths being French, you will see they are indeed there, but its the "boys" that have my heart really and no matter how crazy rushed we are, there's always coffee, tea and crackers (if we can get them) in the afternoon. Food is only for the "boys" and they deserve and earn it, for they work like dogs. Some day, someone will write a book about the "Heroes Behind the Lines"—wish I had the gift and I'd do it. We call it the "Battle of Tours" but of course Tours is not the only place on the map. Had the compliment of my life, yesterday, when one of the medical officers said, "You know a woman must have real guts or she could not do this work"—it was applied to all the work of all the nurses, but I was included in the number and it pleased me.

BARNUM & BAILEY CIRCUS IS COMING.

GREATEST SHOW ON EARTH WILL SOON EXHIBIT IN THIS VICINITY.

Once again the glad tidings are being spread broadcast telling of the coming of Barnum & Bailey's circus. The greatest show on earth, it is announced, will positively be exhibited within easy traveling distance this season and, as usual, a large percentage of the population will declare a holiday to visit the show.

The big circus will exhibit in Los Angeles on September 16, 17 and 18.

It is promised that nothing to compare with the present Barnum & Bailey performance has ever before been seen under canvas. New and novel features have been imported from abroad and a program of events, thrilling, educational and screamingly funny, will occupy every instant in three rings, four stages, the riggings above and the hippodrome surrounding for more than three hours.

There is a new and gorgeous pageant entitled, "Aladdin and His Wonderful Lamp," in which nearly 1,400 persons and one thousand animals appear in magnificent costumes rivaling the dress of the people of the famous "Arabian Nights" story. This will be followed by a host of acts in all parts of the great enclosure. There will be sixty clowns, a greatly increased menagerie of wild and untamed animals, four great herds of elephants, several caravans of camels and many recently born baby animals.

The free street parade, which will start from the circus lot at 10 o'clock on the morning of circus day, is entirely different from anything of the kind ever shown before. It will be three miles in length and there will be bands on foot, on horseback, and riding on top of wagons of red and gold. There will be six bands in all and they will be assisted by three steam calliopes and an electric piano.

With the largest tent in the history of all circuses, the Barnum & Bailey circus promises this season to make good again its boast that it is the Greatest Show On Earth. Five railroad trains comprising 89 railroad cars, will be required to transport its paraphernalia, and more than 750 horses will be used to transfer its wagons from the railroad yards to the show lot.

WEEKLY GREETING.

Manners in the high sense take one far in the world.
They are irresistible. . . They are a defense against insult.
All doors fly open when he who bears them approaches. They cannot be bought. They cannot be learned as from a book; they cannot pass from lip to lip; they come from within, and from a within that is grounded in truth, honor, delicacy, kindness, and consideration.—Emerson.

THE ENEMIES BEHIND THE LINES.

The case of Sir Joseph Jonas, the millionaire steel manufacturer of England, is a striking example of the class of men that are sometimes found among the enemies behind the lines in the Allied countries. Although this man had been a citizen of England for more than 42 years, having been Lord Mayor of the important city of Sheffield, and accumulated millions of money in the commercial life of his adopted country, he was at heart a traitor to England.

Unfortunately, there are thousands of Sir Jonases in the United States at the present time, and the government has been entirely too lenient with them. As another has said, such men should be given their green carpetbag and the thirty cents they arrived with in this country, and deported to the land of the Hohenzollern dynasty, where they belong, as there is no place here for such traitors.

VOTE AGAINST AMENDMENT NO. 20.

Amendment No. 20, which will appear on the ballot at the November election, should be defeated, as it relates to compulsory health insurance. As is well known, this system of insurance was saddled upon the people of Germany by the military caste, and has been so expensive as to almost pauperize the working classes of that enemy country. The lowest estimate of the cost of this Prussian method of insurance is \$27,000,000, and up to \$47,000,000.

On July 26 the executive council of the American Federation of Labor declared its opposition to "any plan of compulsory insurance." This proposed law has nothing whatever to do with the Workman's Compensation Insurance, in operation in California—a splendid law, which compels all employers to carry insurance for their employes against accident.

Amendment No. 20, if adopted, would utterly destroy medical freedom in this state, and compel every man who labors to pay for expensive health insurance, whether he desires it or not; makes his home subject to invasion by inquisitive political "inspectors" and "investigators." Farmers will be compelled to contribute toward the huge cost of this system, but will receive no benefit whatever, as they cannot participate in its legal benefits.

Those who are attempting to fasten this German method upon the people of the United States attempted to have it incorporated in the new constitution of the State of Massachusetts, but it was overwhelmingly voted down, the Boston Central Labor Union going on record as opposing it.

There is no doubt whatever about the amendment being defeated, but the vote against it should be so decisive that it will never be heard of again. This is the first time that the voters of this country have been asked to adopt this German method of insurance.

THE WRONG VIEW.

Many persons have recently remarked that they are afraid the war may end before the Allies have reached German territory and had an opportunity to devastate that country and give the civilian population of that empire a real taste of war. This is a regrettable attitude to assume, as it should be the desire of every American that the war end at the earliest possible moment, in order to avoid the terrific loss of life and destruction of property, of either friend or foe.

This war will terminate only when the German General Staff has surrendered unconditionally to General Foch. That fact was positively and absolutely decided long ago. The peace table that has been so frequently mentioned is a figure of speech, so far as the Kaiser and his despotic military commanders are concerned. Only table that these barbaric dignitaries will ever find a seat

prepared for them by the Allies will be inside the bars of a military prison. The people of Germany will be compelled to pay for the reconstruction of Belgium and industrial France, consequently it will be extremely fortunate for all of the belligerent nations if the conflict should terminate before there has been any great destruction of property in the German Empire, as the population of that country will then be in a better position to rapidly pay for the tremendous property damage in the two countries mentioned.

While such a turn of events appears somewhat improbable at this time, it is, of course, a possibility, as the war situation is rapidly approaching the stage of a prize fight at about the fortieth round, when a chance blow is liable to end the contest. General Foch now appears to have the situation so well in hand that this blow may be expected at any time.

THE BIBLE.

When grim despair comes creeping on my mind,
And builds itself a tent there silently;
When all around me formless looks and void,
And gloomy thoughts make dark the world to me;
When fancy draws my future, which may be
No better than the days that now I spend,
I ope the Bible, old yet ever new,
My youth's companion and my present friend. . . .
I turn the dear Book's pages o'er and o'er,
In which unto the voice of God we hark, . . .
I read the Book, and nearer grow to me
Moses Ben Amram, Joshua son of Nun,
Before whom nations trembled long ago
And who had even power upon the sun.
Isaiah, Jeremiah, prophets old
And martyrs—good it is with them to be;
They make our earthly troubles all forgot;
'Mid darkest clouds they bring us light to see.
How great the power of him who sang the Psalms!
Comfort and hope they bring to every breast, . . .
The Book of Books I read and read, and feel
God's splendor in my room shine on my head;
And I rejoice that all the world from us
So great a treasure has inherited.

—Ezekial Leavitt (tr. from the Yiddish by Alice Stone Blackwell.)

FAIRBANKS, ALASKA.

The stories of the discovery of the Tanana gold field and of the locating of Fairbanks are bound up together, as would be supposed, and yet not at all as would be supposed, since the second preceded the first; and both are inseparably connected with a trader named Barnette.

The eyes of gold miners in the north had long been fixed upon the Tanana River country. . . . When the Klondike camp began to decay, the need of a new field for the energies of the many miners there became pressing. The Nome stampede of 1900 relieved the pressure somewhat, but this was still the situation in 1902, when Barnette, with a trading outfit, went up the Tanana in the first steamboat that disturbed its waters.

Barnette had no knowledge of the river nor even definite notion of where he wished to establish himself, but he was anxious to reach the upper Tanana. . . . The difficulties of the Bates Rapids above Chena turned the boat back from the main river and the passage of the slough was attempted. Somewhere in the neighborhood of Fairbanks the captain decided that he could proceed no farther, and Barnette and his stock of grub were landed, despite, it is said, his vehement protests and expostulations.

It was a poor location for a trading post. There were no natives in its vicinity and few in its district; something had to be done to dispose of the stock. A little prospecting was perhaps attempted on the creeks in the immediate neighborhood, but the story runs that before any pay or even prospects were found a Japanese in Burnette's employ was dispatched across country to Dawson with news of a "strike," and this message precipitated the Fairbanks stampede in the winter of 1902 and the following spring. The men who came were indignant with the deception that had been practiced, . . . but they went to work prospecting the country, and it was these men who actually discovered the gold they had been led to believe was discovered already. Goldstream was the first creek to yield pay, and when Cleary Creek followed there came another and greater influx of miners; a town was built and named for the well-known Senator from Indiana, afterwards Vice-President of the United States.—Hudson Stuck.

Orange County was officially established by legislative enactment March 11, 1889, the territory prior to that date having been a part of Los Angeles county. The area of the county is 780 square miles or about 500,000 acres, and much of it is probably as rich soil as there is in the state.

There has been some disappointment in the manner that the people of Huntington Beach have responded to the appeal of the Red Cross workers last week for 100 glasses of jelly and jam for the boys in the detention camps at Camp Kearny. All kinds except plum will be accepted. There is no question about the people of this city being willing to contribute this small amount of jelly to the boys indicated, and it is regrettable that the second appeal has to be made for contributions.

Those desiring to contribute will please notify Mrs. John P. Moore, or leave at Red Cross headquarters.

The next regular meeting of the Red Cross will be Wednesday afternoon, September 11, and members are requested to attend, as matters of importance will be discussed.

BIG CARNIVAL FOR SEAL BEACH.

A big two-day athletic carnival, for the benefit of the Submarine Base Athletic fund, and the Seal Beach Athletic Association, will be held on the water front, Seal Beach, Saturday and Sunday.

Sunday, September 21 and 22.

There will be boxing matches, swimming matches, diving matches, tug-of-war, races, and all manner of athletic stunts are being planned. A nominal admission fee will be charged, but all soldiers and sailors will be admitted free.

Notable entries from the ranks of the boys in blue and khaki, besides well-known athletes from the civilian ranks are expected, and no pains will be spared to make the carnival a great success.

Music will be furnished by the United States Submarine Band of thirty-five pieces.
